

The procedure for setting up a trusted platform or security key

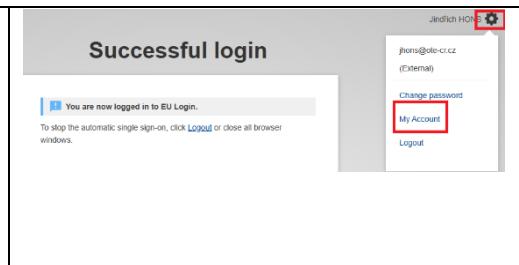

Introduction

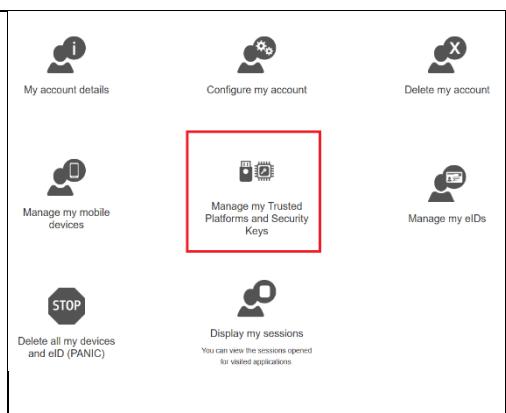

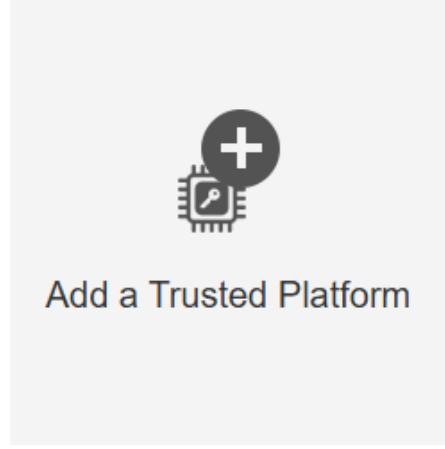

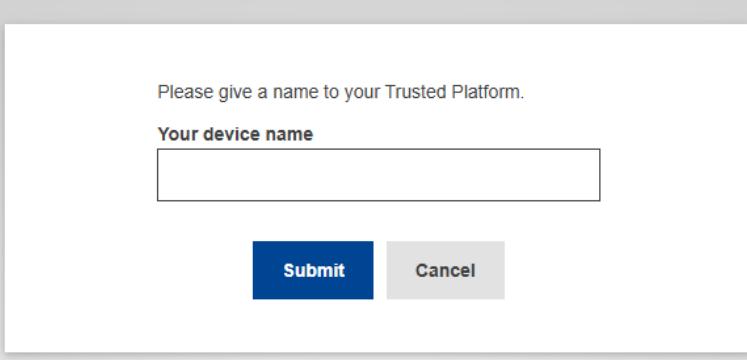

This topic describes the procedure for setting up the Trusted Platform or Security Key authentication method. Initialization of this request must be performed in the European Commission Authentication Service (EU Login).

Step by step

A trusted platform or a security key can also be used for authentication using EU Login. The configuration is performed in accordance with the following procedure:

Step	Operation	Interface
1	<p>“In order to set up authentication via a trusted platform for the Union Registry, this authentication method must first be enabled in the user account settings on your computer (Settings – My Account).”</p>	
2	<p>Log in at: https://webgate.ec.europa.eu/ca_s.</p> <p>Enter your current email address and click Next.</p>	
3	<p>From the list of authentication methods, select ‘Password’ and click Log in.</p>	

4	Move the mouse pointer over the gear icon in the top-right corner and click My Account from the menu.	 A screenshot of a successful login page. The title bar says 'Successful login'. Below it, a message says 'You are now logged in to EU Login.' and 'To stop the automatic single sign-on, click Logout or close all browser windows.' In the top-right corner of the page, there is a small gear icon followed by the text 'Jednich HO' and a gear icon. To the right of this, a dropdown menu shows the email 'jhorn@ote.cz (External)' and several options: 'Change password', 'My Account' (which is highlighted with a red box), and 'Logout'.
---	---	---

5	<p>Then select the Manage my Trusted Platforms and Security keys.</p>	
6	<p>A page will be displayed where you can add a trusted platform. Click it with the left mouse button.</p>	
7	<p>Fill in the name of your device and go on to Submit.</p>	

8	<p>Enter your PIN.</p> <p>Making sure it's you</p> <p>Let's save a passkey on this device to sign in to "ecas.ec.europa.eu" as "jhons@ote-cr.cz".</p> <p>This request comes from the app "chrome.exe" by "Google LLC".</p> <p> PIN PIN</p> <p>I forgot my PIN</p> <p>Cancel</p>
9	<p> Windows Security X</p> <p>Passkey saved</p> <p>You can now use Windows Hello to sign in with your face, fingerprint, or PIN.</p> <p> jhons@ote-cr.cz ecas.ec.europa.eu</p> <p>OK</p>
10	<p>You will then be returned to the home page, which will indicate that the trusted platform has been successfully added to your account.</p> <p> A device has been added</p>
11	<p>You may now access the Union Registry using this authentication method.</p> <p>Důvěryhodná platforma nebo bezpečnostní klíč</p> <p> K ověření službou EU Login použijte důvěryhodnou platformu nebo bezpečnostní klíč.</p>
